### PUT LYE IN RIVAL'S FLOUR

Serious Allegation Made Against Wheatom Baker.

Wheatom, Wp., Oct. 8.—It is stated that rivalry between John Birk and James Henry, two local bakers, came near being the cause of a wholesale killing of people. It is charged that some of Birk's flour was included in a shipment of Henry's and Henry ordered his baker, William Burnvent, to mix concentrated lye with Birk's flour. Birk's baker happened to taste the flour before it was baked and it burned his mouth. After some of the bread was baked, it is stated, it was analyzed and lye was found in it. Burnvent and Henry were arrested this afternoon.

### AFTER LARGE FORTUNE.

New York, Oct. 8.—Mrs. Sarah B. B. Rohrer, of Council Bluffs, Ia., is contesting in the supreme court here the will of her cousin, Miss Mary Touxy, who died in 1898, at the age of 70, leaving an estate worth about \$50,000 to be distributed among the charitable and religious institutions. Mrs. Rohrer, alleged mental incapacity and undue influence in the execution of the document.

Miss Touxy inherited her fortune from Sinclair Touxy, and resided in this city. She took great interest in charitable and religious work and was connected with various institutions of this character. She made special bequests to various institutions and left her residuary estate to the Domestic and Foreign Missionary Society of the Protestant Episcopal church to be distributed equally among the Freedmen's Mission, Indian Mission, Domestic Mission and Foreign Mission.

She will institute suit for damages for her rights in the property, including the inconvenience to which she claims to have been subjected.

Mrs. Kealy has not been out of her house since the improvements began at the naval academy having previously supplied herself with a stock of provisions and announced to the authorities that she intended to "hold the fort."

### BIG SUM FOR CHICAGO SCHOOLS.

Chicago, Oct. 8.—An additional appropriation aggregating \$67,700 to complete school buildings in process of construction was made by the board of education last night. This is said to be only a portion of the sum in excess of the original appropriations which must be expended before the structures for which contracts have already been awarded can be completed, for the cost of every school now building will, it is declared, greatly exceed the appropriation.

To the operations of the alleged sheet metal contractors' pool and the advance in the cost of labor and building materials is laid the blame for the increase in the cost of building the schools.

### TAKES PLACE THIS EVENING

Prospect of Big Crowd at Library Entertainment.

Tonight the entertainment for the benefit of the Astoria public library will be given at Fishers' opera house. Last night the final dress rehearsal was held and the manner in which the performers went through with their respective parts greatly elated the hard-working committee of library ladies.

"The Mystic Midgets" is the largest amateur undertaking of the kind ever attempted in Astoria, the cast comprising more than 100 persons. The task of drilling this large class has been a difficult one and the successful manner in which the final rehearsal was carried off was gratifying to the members of the committee in charge of the event.

The costumes for the entertainment are all pretty, and the performance will be one of more than usual interest. The sale of tickets opened yesterday morning and by noon the entire house had been sold. Indications are that Fishers' will be unable to accommodate the crowd which will be out tonight.

"Please say for us," said one of the ladies last night, "that we're going to give an excellent show, and that we need the money. The admission prices are only 50 cents and 25 cents and we want to have a big crowd out both nights."

"And just say, too, that our specialties are going to be fine," added another lady, "and that people may expect to get their money's worth." Doubtless a substantial sum will be netted for the deserving institution.
